

# E9 Med

The strength  
of simplicity

Simple, effective and compact, E9 Med is an autoclave that makes Class B sterilization accessible to everyone. Hidden behind its simple, user-friendly interface is an array of first-rate equipment, including a double head vacuum pump and a sophisticated microprocessor that constantly monitors the key parameters for effective sterilization. In addition, outstanding steam production is guaranteed with the steam generator. E9 Med can run 5 different type B cycles. It automatically traces all of the data from every cycle, which can then be printed with the built-in thermal paper printer and easily attached to pouches. Like every Euronda autoclave, it can be inspected and cleaned by the operator and it is easy to maintain thanks to its modular structure.

## Classification:

Medical Device Class IIb  
Class B Autoclave  
fully conforms to EN13060  
standard requirements.  
Moulded chamber in  
stainless steel and certified  
to PED 97/23/EC

## Chamber capacity:

18-24 L

## Weight:

40.5 Kg (18L) - 43 Kg (24L)  
(machine empty  
with basket and trays)

## External dimensions (wxhxd):

450 x 445 x 610 mm

## Power consumption:

2300 W 10 A

## Water consumption:

600 ml

Internal thermal  
paper printer

User-friendly access  
to the tank compartment

## Eco-friendly

Optimized electricity and water consumption (1400 W, 600 ml).

## Reliable

With an air-water separator as standard, for a longer working life.

## Simple

Display with an interactive menu and a Process Controller that guides you and tells you when maintenance work is required.

## Traceability

Built-in thermal paper printer and E-Memory system, for traceable sterilization cycle data.

## Design

A 24-litre model can fit into the same space as an 18-litre one.

## Performance

Excellent sterilization quality thanks to the double head vacuum pump, steam generator and the controlling microprocessor.

# Starter kits and accessories

For E9 Med

# Starter Kit E9 Med

## Standard tray holder

Square profile steel tray holder with a capacity of 4 standard aluminium trays. If rotated by 90°, it can hold 3 sterilization cassettes. 4 trays included.

## Accessories

- Drainage pipes
- Sponge
- Tray removal handle
- Door adjustment handle
- Screwdriver
- Thermal paper rolls

# Optional tray holders

## Tray holder for sterilization cassettes – E9 Med

Rounded steel tray holder designed to hold 4 standard aluminium trays\*. If rotated by 90°, it can hold 4 sterilization cassettes. Available for both 18-litre version (capacity: four 1 DIN cassettes) or 24-litre version (capacity: four 1 DIN cassettes + four 1/4 DIN cassettes).

**\*Trays not included**

## XL tray holder kit – E9 Med

XL rounded steel tray holder, with a capacity of 4 special aluminium trays\*. Only available for the 24-litre version.

**\*Trays included in the kit**

## Universal support surface – E9 Med

A steel support surface that is suitable for loads with greater dimensions. It can be installed directly in the boiler, after removing the tray holder provided. Only available for the 24-litre version.

# Tests

## Helix Test

Test for Class B autoclaves to evaluate the capacity of penetration of the steam in hollow loads. Composed of a tube and 250 colour testers to confirm sterilization.

**Single pack**

## Bowie & Dick Test

Test for Class B autoclaves to evaluate the penetration efficiency in porous loads.

**Single pack  
Carton of 10 pieces**

## Prion Test

Test for Class B autoclaves, calibrated with the temperature, time and pressure parameters considered effective in 134°C Prion sterilization cycles (134°C x 18 minutes). Composed of 200 colour testers.

**Single pack**

# Optional trays

## Stainless steel trays

Sterilization stainless steel trays available in:

- bottom and cover version
- perforated or not
- with instruments holder

To be used in autoclaves and thermodisinfectors.

**Dimensions (wxhxd):**

**288 x 187 x 29 mm**

silver

**284 x 183 x 17 mm**

silver

## Aluminium trays

Anodized aluminium trays available in:

- bottom and cover version
  - perforated or not
  - with instruments holder
- To be used in autoclaves and thermodisinfectors.

**Dimensions (wxhxd) and colors:**

**288 x 187 x 29 mm**

silver

**284 x 183 x 17 mm**

silver, blue, green, red, gold

**187 x 145 x 25 mm**

silver

**183 x 140 x 17 mm**

silver, blue, green, red, gold
